

# Holiday Recycling

Polk County Recycling Program  
[polkcountywi.gov/recycling](http://polkcountywi.gov/recycling)  
Hwy 8 East of St. Croix Falls

## Christmas Lights:

Place Christmas lights and electric cords in a bag and drop off at the Polk County Recycling Center for no charge.

## Cardboard Packaging:

\*ONLY brown corrugated shipping cardboard and paperboard such as cereal & cake boxes are recyclable and can be placed in recycling bins located throughout the county.

\*Remove packaging such as plastic, foam, and ties.

\*Flatten to leave space for others using the bins.

## Go Green for the Holidays!

Wrapping paper and greeting cards are not recyclable so it's a great time to use other options such as re-usable gift bags, re-use wrapping paper, or use recyclable brown kraft paper and kraft paper ribbon available with holiday print and easy to stamp and color. Look for creative ways to re-use greeting cards or make your own on recycled paper.

Please forward to help others recycle.
